

Performance Best Practices

Jim Cooper

SOFTWARE CRAFTSMAN

@jimthecoop

Agenda

Ahead-of-time compilation and the CLI

Lazy loading feature modules

Paying attention to bundle sizes

Immutability and OnPush change detection

Pure and impure pipes

Ahead-of-time Compilation

Ahead-of-time Compilation

Best Practices

Use the Angular CLI

Compile before deploying

Summary

Ahead-of-time compilation and the CLI

Lazy loading feature modules

Paying attention to bundle sizes

Immutability and OnPush change detection
