Angular: Present & Future

Joe Eames
WEB DEVELOPER

@josepheames   www.joeeames.me

Agenda

Present

Other frameworks

Future

Present
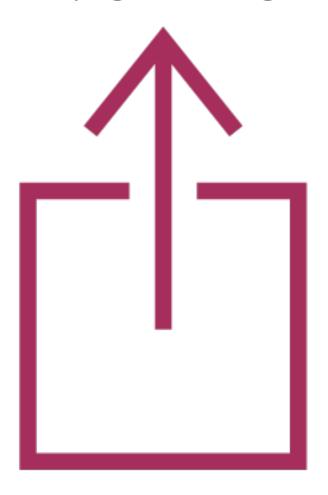

Angular Now

Benefits
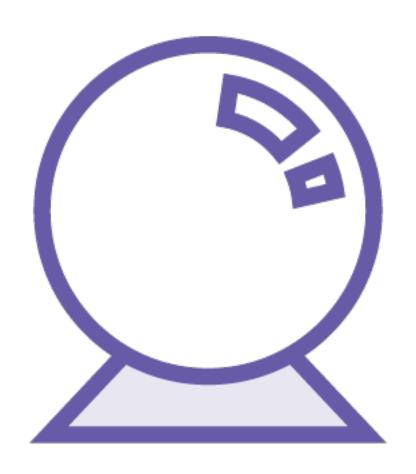

Fast

Modern

Popular

Upgrading

Angular vs. Other Frameworks

Sorry

Factors to Consider

Technical aspects

Political environment

Personnel considerations

Likely future landscape

Conditions to Consider Using Angular

Enterprise

Typed backend

AngularJS

Templates separate from code

Large company backing

Frameworks vs. libraries

Established track record

Popularity/momentum

Future

The Future of Angular

Labs

Elements

Schematics

Universal

Migrations

Build
- Targets
- Options
- Optimizations
- ABC

Increased growth & popularity

Course Summary

Modern

Performant

Competitive
